Food Replacement Policy

At Pizzaman Chickenman, we care about your satisfaction and aim to ensure fairness in handling all concerns. The following policy applies to orders placed through the Chris B App:

1. Customer Preferences

- Customers may use the Notes Section on the Chris B App to specify additional meal preferences before placing an order.

2. Replacement Eligibility

- If there is an issue with your order (e.g., taste, portion size, or number of chicken pieces), the affected meal package must be returned in its current state and made available for collection or return.
- Replacement requests will only be processed after the returned package has been inspected and the claim verified.

3. Assessment Process

- Our team will assess the returned package to verify the claim.
- If the claim is valid, a replacement will be issued.

4. Non-Eligibility

- If the package has been disposed of or consumed, a replacement cannot be processed.
- Without the original package, we are unable to validate claims or provide replacements.

5. Policy Principle

- This policy is designed to ensure a fair and transparent process for both our customers and Pizzaman Chickenman. A replacement can only be issued after the affected meal has been returned and the claim has been verified.
